# SPONSORSHIP 2022

*Dear Sponsor,*

This season coming marks 142 years of the Euroa Football Netball Club. The Committee is excited to gain/re-gain your support to keep our club healthy and continue to provide for the many individuals who play for our community.

As we are well aware, sporting clubs have been, and remain, central to the very fabric of our society and your support will be adding ongoing value to our community with a sense of local pride and place.

It is recognised that it is through our sponsors' support and partnership from the broader community that we are able to field our teams each week. We not only provide younger members an opportunity to participate in a sport they love, but to also socialise and learn valuable skills in leadership, team-work, commitment and volunteering.

Being a sponsor is so much more than monetary contribution ... we aim to have your business or individual commitment benefit from networking opportunities by providing opportunity to you to socialise and 'get away' from your normal business activities.

So why not join (or indeed re-join) the nest in 2022? Get on board and be part of your great club as we push for success on and off the football oval and netball court. There are a selection of sponsorship options that are available (please see attached) we ask you to kindly consider. Of course we are able to tailor packages to your needs so please let us know if you wish to go for something different to what is outlined.

Attached are the package options with relevant details for the payment and contact details of our Sponsorship Committee.

Our Committee are looking forward to seeing and hearing from you.

GO PIES 2022

Scott Watson

President  
Euroa Football Netball Club
