

Basketball Clubs that are represented in this Statistical File
File updated after each competition. Last updated: March 2023

A:	Ansett
DYL:	Darwin Youth League (DYL)
E:	Eagles
EC:	Essington Cannons (2017)
ED:	East Darwin
ET:	Ellas Titans (2019)
En:	Ensigns (North Darwin)
HPP:	High Performance Program (like ITC & DYL)
ITC:	Intensive Training Center (ITC)
KJ:	Kay-Jets
N:	Norports
NW:	Navy Warriors
L:	Lightning
M:	Mitsubishi
P:	Pints
Pa:	Palmerston (includes team of 2007D that played 7 games)
Pio:	Pioneers
PP:	Pioneer Pints
PU:	Palmerston Rural Basketball Association United
R:	Rebels
RC:	Razzle/Cannons
RS:	Razzle Storm (2005)
RSL:	Mitsubishi RSL
SD:	South Darwin
Sm:	St. Mary's
TVJ:	Tracy Village Jets
W*:	Warriors post 1997 (formerly Waratahs)
W:	Waratahs
Wa:	Wanderers
War:	Warriors
Z:	Zebras

Each cell in the file shows the club played for, the number of games played in a particular competition and the points scored in that competition. A player may have played for more than one team during the competition and that is reflected as for example: TVJ-1/43, RSL-13/159. Meaning that a player played 1 game for the Jets and hit 43 points then played 13 for RSL and totaled 159. Total points would be 202.

Cells highlighted in Red Text = Season leader for the competition
Cells highlighted in Blue Text = All Time League leader for the competition
Cells highlighted in Dark Blue background indicates more than 700 games played
Cells highlighted in Olive Green background indicates more than 600 games played
Cells highlighted with Gold background indicates more than 500 games played
Cells highlighted with Silver background indicates more than 400 games played
Cells highlighted with Bronze background incates more than 300 games played
Highlighted number text in Bright Green Cell Totals indicates more than 8,000 points scored
Highlighted number text in Sky Blue in Cell Totals indicates more than 7,000 points scored
Highlighted number text in Orange in Cell Totals indicates more than 6,000 points scored
Highlighted number text in Plum Cell Totals indicates more than 5,000 points scored

From 1976-2023 the Wet Season begins in October of one year and usually finishes within the first four months of the next year unless otherwise stated. The competition was originally organized to finish up just prior to the NT Championships that would be held during the Easter weekend. I have maintained that aspect in this file until only recently when the DBA decided to run the competitions to coincide with school terms. This means that as of 2000 the Wet season actually starts at the beginning of a year and finishes in June before school holidays. The Dry or 'Championship' season runs from July through December. *As of 2021 the DBA will once again use the 1976-99 format*

Score sheets for the 1985 Dry & Wet, 1986 Dry & Wet & the 1987 Wet seasons have not been sighted therefore an average score from the Dry (or Wet) seasons immediately before and after the missing season has been calculated to arrive at a likely total. The number of games played is documented, but no 'points scored' has been accounted for. An example would be Fred Adams. The 84 Dry and Wet season info is available plus 1987 Dry and 1988 Conference (Wet). The formula would be to add the 84D + 87D points scored: $101+235=336$ divided by the number of games played $14 + 20 = 34$ for an average points per game and then multiply the number by the games played in the 85 Dry season. An example : $101+235=336 \div 34 = 9.8 \times 21 = 207$ and repeat the process for the 1986 Dry season which would be 1985 Dry plus the 1987 Dry to get the point total $207+235=342 \div 41 = 10.7 \text{ppg} \times 22 = 237$. Use the same calculations for the missing Wet
