SATURDAY APRIL 13-

Round One v Emerald.

It'll be a massive day to kick off the 2024 season. You'll be able to check out our awesome new netball court , watch our women footballers unfurl their premiership flag and be on hand to see Dylan Wilson coach his first game.

It's also an extra special afternoon for Past Players who are invited to join us in the Social Rooms.

All that will be followed by something both unique and marvellous in OFC history- our player auctions.

The prize pool from the All Star Squad Auctions is expected to reach at least \$1600 but, just as importantly, it's going to be a helluva lot of fun .

All our footballers and netballers have been placed in squads and YOUR job is to work out which squad is going to attract the most B&F/MVP votes.

We are indebted to Sacha Sullivan who has spend countless hours putting this together- simply coming up with alliterative squad names would have been too hard for most of us!

So- have a browse through the squads- and check out the wildcards and the "gold nuggets" - then get together with some friends to work out who you are going to bid for.

OK- "switched on" OFC people may have noticed some names missing from the above squads- that's because (per Sacha's rules) new players have been late additions.

SO- what Sasha has done is add a list of Wildcards to make it even more interesting. Once the main squads have been auctioned you'll be able to flesh out your team with the wildcards.

The highest bidder during the Squad auction will get first nibble at the Wildcards.

This is where it gets really , really interesting because- for example- in Wildcard Group 1 you've got the superstar cousins Grace Belloni and Ethan Greenall - along with Lucy Hilton and Leah Cody who often feature in the votes. But how many games will Grace play if she's at Eastern all season ?

The amazing Wilson siblings (in Wildcard 4 group) are also bunched together- will Chelsea and Blair be able to play any games with us away from their elite clubs- Port and Eastern ? If they do they are sure to be vote magnets.

Keep your eye out for some high value "gold nuggets"- for example-

Maddie Collins is back with us (she's a dual footy B and F- a certified star !)

Charlotte Edwards is a League B and F, we saw her in action last weekend for the first time and- wow- what a gun.

Sofia Mikulcic is a previous League B and F in footy AND netball !!

The Argoon sisters have joined us !!! Anyone familiar with local sport will know about the Argoon family prowess in footy, netball and cricket.

Makenzie Bourne is also at Eastern- could be excellent value if she runs around in the red and white.

Footy recruits Boxy and Gia HAVE to be in your considerations.

Cal Beattie has snuck into the Wildcards as well- Junior and Senior premiership player, 150 games- men's footy fans will be all over the this one like a bad fitting coat.

The image contains two identical posters for a 'Wildcards Player Auction 2024'. Each poster has a red background with a white border and a subtle pattern of small white stars. At the top of each poster, there are two logos: a stylized 'V' with a mountain range above it, and a fan of playing cards. The text 'WILDCARDS' is written in large, bold, red-outlined white letters. Below this, 'PLAYER AUCTION 2024' is written in smaller red-outlined white letters, followed by 'WILDCARD GROUP 9' or 'WILDCARD GROUP 10' in white. The names of the players are listed in large, bold, green-outlined white letters. The first poster lists: MAKENZIE BOURNE, MIRANDA COOK, MICHAEL WITHERS, and NATHAN ROSE. The second poster lists: MEL THOMAS, JAZ DONNER, CHARLOTTE RICKARDS, and MIA WESTMORE.
