CHAIRMAN REPORT

It has been a significant year for Harbour Basketball in 2023. After the trials of COVID-19 we were hit with a flood that destroyed our main facility for a large proportion of 2023. It felt like another blow after all we had been through, particularly as the team arrived at the offices to be confronted with the flood damage. It was inspiring to see the way the team at Harbour and the wider community pulled together to clean up the office and work tirelessly to get the show back on the road. Adversity makes you stronger and at Harbour I believe we have had a transformational year in terms of change and putting in place significant foundations to build the association for the next 50 years.

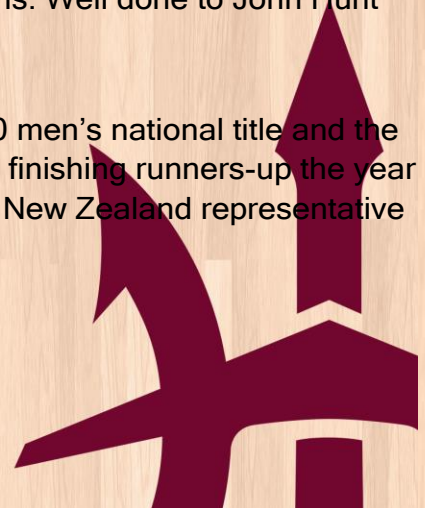

After losing the Eventfinda stadium for most of the year venue providers in the community came to the party letting us use their facilities on multiple nights allowing us to host a record number of teams in leagues - 20% growth in 2022. Our thanks go out to those facility providers for their support along with the team at Harbour who managed to stitch together the patchwork of venues, times and days to allow us to run the expanded competitions.

After the refurbishment of the floor and reception at Eventfinda Stadium we now have one of the best four court facilities in the country. We also took the opportunity to undertake a major refurbishment of the Harbour offices. The existing offices had not been renovated in over 10 years and were not the best place to work. We now have new offices with an enhanced design which creates a fantastic open-plan work environment for all of our staff with a new kitchen and meeting room. This has made an enormous difference to the way we work, which is appreciated by all our staff.

I am also extremely pleased that we increased registered members from 5,000 last year to well over 6,000 this year and continue to lead the way nationally in terms of our membership thanks to the unwavering support from our community.

We finish in a strong financial position returning the association to surplus in 2023 which is remarkable given the upheaval we have had in the last 12 months. Well done to John Hunt and the team.

In terms of our representative programme, Harbour won the U20 men's national title and the BNZ Northern Kahu won the Taihi Womens's NBL league after finishing runners-up the year before. We have also had a large number of players included in New Zealand representative teams.

After completing the strategic plan, the board embarked on a review of the structure of the Harbour team. We wanted to build on the last 50 years to strengthen our programme to enable and manage growth while providing pathways for our staff to progress in the organisation. This has led us to appoint two key roles; Operations Manager and Director of Basketball. The Director of Basketball builds on the work started by Vince Minjares in terms of our basketball framework and delivery of the representative programme and coaching and we are fortunate to have Greg Brockbank join us in this role from Basketball Otago. Campbell Marsters, a key member of the Harbour team, has taken the role of Operations Manager looking after referees, competitions and general operations outside of the representative programme.

With the new changes we say farewell to Moira Davis who has been looking after the accounts and finances for the last 12 years. Thank you Moira for your contribution to Harbour and we wish you well in Christchurch. We also say farewell to Josh Davis who has worked in our schools programme and coached our U15 and U20 teams to national titles. Josh has influenced a huge number of our athletes and coaches and we wish him well in his new role at St Kents.

I would like to thank all the board for their contributions to Harbour over the last year. We welcomed Anna Tearii as a Director who brings a wealth of experience in Human Resources adding further strength to the board. It is with sadness we bid farewell to Jeff Olsen from the Board as he retires after over 50 years involvement with Harbour. As a life member of Harbour and BBNZ words cannot describe the contribution Jeff has made at all levels and it is fair to say that Jeff is Harbour basketball. On behalf of the Board, we have appreciated and will miss Jeff's wise council and encyclopaedic knowledge of the sport. Jeff, go well and enjoy your retirement and we owe you a huge debt of gratitude for all your service and contribution to Harbour and Basketball in New Zealand.

Finally, a big thank you to the Harbour team led by John Hunt and the community for your continued support of our sport. Out of adversity comes strength and I am enormously proud of what we have achieved this year and believe we go into the future stronger than we have ever been.

Blair Johnson

November 2023

CEO REPORT

2023 has been an extremely successful year for Harbour Basketball.

Financial: The January 27th floods before our major competitions started saw us looking at a substantial deficit for the financial year, with the loss of our major venue and the need to replace those courts with far more expensive gyms at multiple locations

In spite of this substantial shock to our model, turnover reached a new high of \$2.095 million.

Revenue from competitions grew 36 percent, reaching an all-time high of \$594,000 from \$435,000 in 2022, and we are forecasting further competition growth in 2024. Campbell Marsters unquestionably runs New Zealand's best competitions. We also saw increased revenue from our membership, being comfortably the largest association in New Zealand with respect to registered members. Thank you to Cairo Kotuhi for his efforts in this area.

For the year Harbour Basketball generated a modest surplus of \$26,193 after depreciation and exceptional items (compared to a deficit of \$30,243 for the 2021/22 financial year). Our reserves now sit at \$375,000.

Competitions: Competition numbers saw an extraordinary 20 percent growth in school participation in 2023 as parents encouraged their children to play sport after three years of disruption.

Compared to 2022, primary school teams in the first semester increased from 94 to 164, intermediate school teams increased from 161 to 189 and secondary school teams increased from 178 to 192. Coach Development at all schools will enable them to continue to offer inter-school competition. The advent of the CoachMate app coupled with our newly created Coach Development Manager role will help to address this very important issue.

Our referee program goes from strength to strength. Scott Campbell, ably assisted by Dallas Pickering, is doing a great job in this area.

Representative Teams: 2023 saw our junior representative program (elite, development and academies combined) hit an all-time high of 70 teams. This is by far the largest program in New Zealand. A massive thank you to Cain Nuttall and Sue Woods for their efforts with our program in 2023, and welcome to Claire McCurran who has been appointed Club and Representative Manager as Sue moves into the tournaments and overseas trips space. Claire has hit the ground running!

Our junior representative teams won one National title (Under 20 men), our Under 14 Maroon team finished 2nd in the Northern Regional tournament after winning Supercity, and the Harbour Breeze were runners-up in the women's D-League. Our Under 23 men placed 3rd. We also finished 4th with our Under 18 boys and Under 16 girls. Our Under 16 B girls team finished an extraordinary 5th place.

We have continued to build on the remarkable work of Vince Minjares with respect to our overall programme, a fact recognised by Sport New Zealand when we were highlighted for best practice with respect to the Balance is Better philosophy. Increased focus on skill development and

decision making on the court at an early age will pay massive dividends going forward. An example of this philosophical shift is found in the TGIF leagues at the YMCA on Friday nights for our development and academy teams. This offers a meaningful and enjoyable addition to the Supercity competition. The feedback from these leagues has been unequivocally positive.

Northern Kahu 2023:

Harbour Basketball has a minority shareholding in the BNZ Northern Kahu women's team as part of our investment in pathways for our best young female athletes.

The BNZ Northern Kahu in 2023 had an outstanding season, winning the final against the defending champions the Tokomanawa Queens comprehensively 98-72. This follows on from their runner-up placing in the previous season.

The Kahu included a number of former and current Harbour alumni, including Penina Davidson (Cal. Berkeley), Tera Reed (VCU and USC), Mackenzie Chatfield (Western Kentucky), Bailey Flavell, Jaycin Tini, Keeley Tini and Ash Udesike. Former Harbour Breeze champion player and coach Jody Cameron has been head coach for the last two years, and Maria Tyrrell from our Board is the new GM of the Kahu.

We believe that the BNZ Northern Kahu gives aspiring young females the opportunity to play and train with some of the best female basketballers in the world as they prepare for their basketball pathway post high school. In Tess Madgen (the Opals captain) and Iimar'i Thomas are two of the best female basketballers to ever play in New Zealand, and they formed the nucleus of our squad with Penina, Tera and Krystal.

Basketball Pathways:

On that note, we have taken a boys team to visit the States with some of our best young male athletes on five separate occasions. A number of college scholarships have been received by these athletes that we have taken to the States (Sam Waardenburg, Dan Fotu, Taki Fahrenson, Sam Mennenga, Charlie Dalton and Tom Beattie are examples). There is no substitute for being seen in person by a coach of a US based college, as it gives them a point of reference against players that they watch regularly.

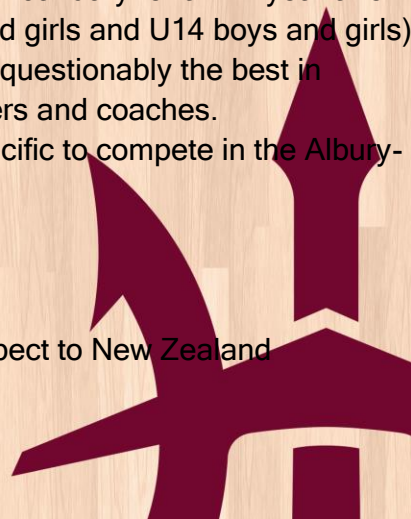

In 2023 for the first time ever we will take a girls team to the States. We will be travelling to Phoenix next month to compete in the Nike Tournament of Champions. Sonny Tuaputa and Darci Finnigan will coach the team which includes seven Harbour girls and three non-Harbour.

Next year we will be attending the Eltham/Dandenong tournament in January for a fifth year after a four year absence. We will send four teams in 2024 (U16 boys and girls and U14 boys and girls) to compete against the best clubs in Victoria. This tournament is unquestionably the best in Australasia and will continue to help to develop our top young players and coaches.

Several of our best young referees are travelling with Basketball Pacific to compete in the Albury-Wodonga tournament early in January.

New Zealand Representatives:

2023 was another exceptional year for Harbour Basketball with respect to New Zealand representation for our top current and former athletes.

In total 22 current or former Harbour Basketball athletes were selected for New Zealand representative or select teams. These athletes are detailed later in our annual report. We also had several coaches help with New Zealand senior or age group teams, including Junior Tall Blacks head coach Matt Lacey, Tall Ferns assistant Jody Cameron and 3x3 Women's coach Justine Reed.

NCAA Athletes: The number of Harbour alumni playing college basketball in the United States continues to grow. In 2024 we will have 21 former Harbour Basketball athletes on full ride Division I or Division II scholarships. In addition to this we have several more athletes attending Junior Colleges. We expect the total number of Harbour student athletes playing basketball in the States while completing a tertiary education to continue to grow as we proactively facilitate this pathway.

Staff and Board Members: The Board's support of me throughout an another extremely challenging year has been remarkable and I am extremely grateful to them for their tireless support of our association. I am humbled by the efforts of Blair Johnson as chair, Manu Fotu, Maria Tyrrell, Garry Williams, Anna Tearii, James Blackwell and Jeff Olsen over the past year. We have in my opinion the strongest governance group of any Regional or National Sporting Organisation in New Zealand.

We started to implement a new structure for our organisation in September this year. I now have three direct reports (formerly nine) with an operational, finance and development arm. To Moira, Sue, Campbell, Cairo, Cain, Josh, Scott, Chris, Claire, Darci and Tessa I wish to convey my enormous gratitude for the extremely professional job that you all perform. We said goodbye to Moira last week after being with us for nearly twelve years. We wish her well in Christchurch. We also say goodbye to Josh who has been appointed the St. Kent's Head of Basketball.

Greg Brockbank has been appointed our new Director of Basketball, commencing in January. Greg ran many key aspects of Basketball Otago's program for more than 12 years. We also welcome Mikey Graham as our new Coach Development Manager. Please welcome Greg and Mikey to our team.

Thank You to our Members:

We are very proud of the remarkable community that Harbour Basketball has built up since 1972. None of what we have achieved to date could have been possible without the unwavering support of our members which has enabled Harbour Basketball to become New Zealand's leading basketball association. We look forward to lifting the bar in the years ahead.

John Hunt
