OPEN LETTER TO THE CHRISTCHURCH BASKETBALL COMMUNITY

The Canterbury Basketball Association is delighted to host **the New Zealand Tall Ferns and the Japanese National Women's** team for a three match test series.

We are extremely fortunate to have this opportunity to bring international basketball to Christchurch, and it is critical that all of us get behind the initiative and make it **a fantastic basketball occasion**.

If we all do our bit, we then have a much better chance of securing **more International basketball** in the future
