Ashwood Wolves Committee

We need to have some more parents become involved at committee level. You may even like to take on a role in a shared capacity with someone else. There are many smaller tasks that you can become involved with and even taking on a smaller role will help out immensely.

The current Committee has worked very hard behind the scenes over the past twelve months, so anyone looking at nominating for the committee can be assured that everything is in fantastic shape!

New Wolves Officers

Those people who attended the last AGM and Presentation Day in March will remember that the club was in the predicament whereby a number of key club officer roles were vacant and had not been filled during the AGM.

We are very pleased to announce the call for volunteers has seen the appointment of two new people to the committee and more specifically to these important roles:

Ben Harvie

Ben has volunteered to take up the role of club Treasurer. Ben and his family have been involved with the Wolves for many years as players and coaches, with Ben himself only recently having stopped playing. He has also been U8's coach for a number of seasons.

Tim Ford

Tim has volunteered to take up the vacant Vice President office as well as the role of club Registrar. Tim has also been involved with the Wolves for a very long time, both as a player and as a parent. Tim has also volunteered for many seasons coaching Wolves teams.

Many thanks to Ben and Tim for volunteering for these roles. Extra special thanks must go to Jenny Binns who is the outgoing club Treasurer and Registrar. Jenny was responsible for the major transformation in the Club's accounting and registration processes over the past few years. Jenny leaves a great legacy to the club!

New Uniform Co-Ordinator

More good news! Sean Lindley has kindly volunteered to take over the co-ordination of Uniforms. Any enquiries for new uniforms should now be directed to Sean.

Special thanks to Saraid and Troy Timbury for their tireless efforts as the outgoing uniform co-ordinators. Troy can finally get his garage back now !
