### **Treasurers Report - Football 2015**

The NSLFNC – Football has recorded a turnover of \$94,499.89, reporting an overall deficit of \$45,222.64 for the financial year ending 31<sup>st</sup> August 2015. Accumulated funds on hand as at 31<sup>st</sup> August 2015 are \$53,256.00.

The club is heavily reliant on canteen and fundraising activities to support the expenditure on the football department. Due to the temporary canteen arrangements, together with the lack of support for the main fundraising event we had a lower contribution than usual from these departments.

The planned introduction of our new apparel line this season saw an increase in expenditure in the apparel department. The financial planning carried out by the committee over the previous few years has enabled the club to see our way through two interrupted seasons and remain in a strong financial position, whilst the major developments and improvements have been carried out within our club.
