Marc and Leonie, What a good win without the services of two of your best players.

I certainly think that Balranald can match Kerang if they get the double chance and Jess and Harris are fit.

It is good to see the results on Saturday nights and see the Roos right in it by winning and keeping the double chance alive.

Would have liked to come and seen a game at home this year, however have had two grand children to look after for past two months and will continue for next three weeks on and off.

I am being optimistic and looking at that Major Semi Final if Roos can get there.

Rugby League is good to watch however AFL is in my blood and I certainly have missed it over the years.

Keep up the good work and keep those Roos firing. Regards Rob McMillan
