Note: Players are numbered in order of the date of their first game. Where more than one player debuts on the same day these players are numbered in alphabetical order. The only exception to this rule concerns player number one. This honour is conferred on the club's first captain and champion player of the day, Billy Hanneysee, who played in the club's first VFA game, but might otherwise have been player number seven.

For the period 1886 to 1995 I have relied on my own research. For the period 1996 to 2008 I have relied on the club's annual reports, team sheets where available and the selected teams published in the daily newspapers.

Terry Keenan
January 2009
