PERMIT AND MATCH COMMITTEE (PMC) PROCEDURES 2010

This is Essential Reading for all Club Administrators

Make sure communication lines are in good order: Every year recently there have been examples of clubs overlooking the simple procedure of setting up reliable fax or email addresses so that they can be contacted by the PMC in a timely fashion. Whenever this has failed, letters (in particular, those including warnings) did not get the necessary corrective action at the club end, resulting in penalties, otherwise avoidable, having to be imposed.

Pay attention to and respect Team Lists: Keep a close eye on the correct spelling of names, the provision of correct initials, listing in alphabetical order and the clarity of handwriting.

Watch concessions for Under-18 and Division 3, 4 & Women's players: Perhaps the area where the most frequent mistakes are made is under Rule 4.3 which permits the fielding of a player without his name having yet appeared on a Permit Report provided the necessary documentation is in the hands of the PMC by the Thursday following the game. If a player is so fielded, quick action on the part of the club is essential.

Here's looking forward to an error-free season. Best of luck to all.

ZERO TOLERANCE OF ABUSE OF UMPIRES

AFL Canberra has a 'zero tolerance' policy on abuse of umpires in all competitions. Umpires are instructed to strictly apply the laws in relation to conduct of both players and off-field club officials irrespective of the state of play on the ground at the time. Under the AFL Canberra competition rules any direct abuse of an umpire will be penalised by a free kick or, if occurring after a mark or free kick has been awarded, by a 50m penalty. In applying these laws umpires are directed to show empathy to players under pressure and to not penalise language or behaviour unless it is clearly abusive or threatening and is directed at the umpire.

MANUKA OVAL OPERATIONS

MANUKA OVAL CONDITIONS OF USE **AFL Canberra – CLUBS 2010**

CLEANING / WASTE MANAGEMENT / RECYCLING

Manuka Oval is an active recycler and would ask that you place all rubbish into the relevant bins provided.

COMMUNICATIONS

A basic phone line communication system from coaches box to bench is provided free of charge. We would recommend that clubs carry their own back up system in the event of a system failure. All equipment breakages will be charged to the offending club.

EMERGENCY MANAGEMENT

In the event that the alarm sounds in the Bradman Stand then you must vacate the building immediately. Prepare for the arrival of Emergency Services by clearing the entrance gate of any obstructions. If there is a life threatening hazard or emergency then dial "000", evacuate the effected area and prepare for the arrival of Emergency Services. Do not, under any circumstances re-enter the building or effected area without the all clear from Emergency Services.

FROST POLICY

In the event that the ground is covered with frost we ask that you stay off the field and to follow the directions of the ground staff. This is to avoid any unnecessary damage to the surface. To enable you to access the field as soon as possible the ground staff may water the ground to help defrost the surface. If this is not feasible given surface conditions then the game start time may have to be delayed to allow for the surface to defrost.

GROUND ACCESS

Via the Main Gate - located directly behind the Canberra Services Club on the west side of the venue. This will be opened at 8:00am on game day.

INTERNAL PARKING

Restricted to **Authorised Vehicles** only, with a maximum of 10 vehicles per club. Vehicle movement around the venue is at walking pace with hazard lights on. Parking is not permitted on the platform on the east side of the ground.

LIMITED MOBILITY PATRONS

Limited mobility patrons can access the concourse level of the Bradman Stand via the lift located in the foyer of the Bradman Stand. The disabled toilet on the 1st floor will be available for your convenience.

PLAYER & OFFICIAL ENTRANCE

Players & Officials will be able to access the change room areas via the Front Entrance or Race entrances from the oval.

SECURITY

Please do not leave any valuables unattended. Home club managers have been provided with a key to lock the internal doors during the day. The ground must be vacated no later than 7.00pm on match day and the automatic doors will lock down at this time.

The toilets located under the Bradman Stand (enter from the main concourse on ground level) will be available for use. All other facilities will be locked.

GROUND ENTRY PROCEDURES – HMAS HARMAN

Please see below for instructions for entry to HMAS Harman.

Car Passes:

Each car entering the base is required to have a temporary car pass. These passes can be obtained on entry at the guard's station.

Personal passes:

Each person entering the base is required to obtain a temporary visitors pass. This is in addition to any car passes that are supplied. These passes can be obtained on entry at the gangway office (locate next to the guards station near the main entry to HMAS Harman) by handing over one form of personal id (eg. car license) and signing the visitor's register. Your id can then be picked up on the way out when you drop back the temporary visitors pass.
