## Downtown Dingo's History

The Toronto Downtown Dingo's were formed in February 1996. The original idea of forming the eighth team in the Canadian Australian Football Association came from a traveling Australian and accomplished footballer, Mark Jones.

Mark enlisted the starting core of players from rival clubs, Chris Cunning, Tino Riccio, Tim Moller and Paul Tinkler from the Broadview Hawks with Terrance Wallis, Chris Cateno and Arco Van den Huevel from the Mississauga Mustangs.

Numerous meetings followed and Terrence Wallis (CAFA founder) was elected the first coach of the Dingo's. The club quickly adopted the Essendon colours of Red and Black, as it was agreed that dark colours showed strength and aggression, which has been a trademark of the Dingo's. The nickname of the Dingo's was decided by voting on numerous animals (Canadian and Australian) and so the popular catch phrase "Downtown Dingo's" was born.

The club quickly sprang into action enlisting new players through intensive recruiting drives. A training facility was found, a long way from downtown Toronto at a school near Bloor/Islington.

1996 was an exciting season for CAFA with eight competitive teams fighting out the battle for four positions, the Downtown Dingo's did not disgrace themselves in their first season, finishing 5<sup>th</sup> only missing the finals by percentage in what was a great year.

The club is extremely proud of its success both on and off the field. In 1997 the club worked hard to locate a training venue and sponsor in the downtown area. The club has trained at Yonge and St Clair since 1997 and has only missed the finals twice since its inaugural year 1996.

In five short seasons the club has enjoyed numerous characters from Australia, Canada and many parts of the world as players and supporters. The contribution of all these people is at the true heart of the club as the club grows in strength and numbers each year.

Year 2000 was a very special season for the Toronto Downtown Dingo's winning its first premiership and forming the club song, a first for CAFA teams.

In 2001 the club was in search of back to back success, losing key members of the Premiership side of 2000 the club re grouped and recruited strongly, however after a strong but spasmodic season the team was unable to succeed in the final series loosing 2 close games to miss the grand final and the chance to defend the premiership

2002 saw the Dingo's return to the Grand Final for the second time in their history. Unfortunately the success of 2000 could not be repeated, however there was success in many ways. It has been a season were we have seen the changing of the guard, with many new exciting players aboard the club can be excited with what lays ahead.

## Presidents Year In Review 2002

The Dingos went into the 2002 with specific goals and expectations. Our simple on-field expectation was regular attendance and participation at trainings and games in order to continually improve as a club. Our main goal was a Grand Final victory. Although the Dingos fell short of victory we are very proud of being able to compete in the OAFL Grand Final. Many of our newer players have gained tremendously from the experience.

On the field the Dingos improved each week, a commitment was made from every player to attend training, and by the end of the season we were getting good numbers to training on both Tuesday and Thursday nights. With 10 first year players in 2002 (8 being Canadian), and 5 second year players (all Canadian) the Dingos have a solid basis on which to build future teams. Many retiring players are relatively young and will contribute for years to come. It is interesting to note that the age range in the Dingos was 19-39.

Off the field the Dingos proved to be a club that truly enjoyed each other's company, the camaraderie and atmosphere at off field events was always positive. Many lifelong friendships were made during this season. Leadership came from many unexpected members and the mix of veterans and new players proved to be a positive formula for success.

Financially the club has placed itself on solid footing, and is establishing relationships for sponsorship. We recognize that a club must be just as successful off the field as well as on. To encourage closeness among team members we run various non-footy events and everyone looks forward to our end of the year Footy trip. This year the Dingos headed to Montreal. Recognizing the importance of our supporters, the Club was also able to contribute funds to a "Girls Footy Trip" for the wives and girlfriends of players.

The Dingos look forward to a successful 2003 campaign where we continue to perform at a high level, learn more about football, and enjoy the relationships that Footy in Canada helps us cultivate.

### Season Record

The Dingos completed a very successful 2002 season reaching the Grand Final for the second time in club history. The team recorded 11 wins against 3 losses during the regular season, and won the first preliminary final to advance to the Grand Final. Unfortunately, the team was defeated by the Toronto Eagles for the OAFL Premiership. The Club also led the league in percentage points. The Dingos had 3 players among the league leaders in goal kicking.

### Highlights

The season highlight for the Dingos was defeating the Eagles in the Preliminary Final and gaining a chance to play in the Grand Final. This is especially significant with the number of rookie and first year players in the club, and a first season coaching debut for coach Craig Stewart. Other season highlights include a hard fought victory over the talented and skilled Rebels, who had defeated the Dingos early in the season; 5 goals in match by 2<sup>nd</sup> year player Chris Buczkowski; Paul Tinkler being the first player to reach 100 goals for the club; Skillful rover Stu Wallis reaching his 50 game milestone and the inclusion of Chris Ritchie, Bryan Wells and Mike Butcher in the Team Canada squad which participated in the first ever International Cup in Melbourne, Australia.

## Finances

The club goal at the beginning of the each season is to have sufficient funds in the team account to cover our league fees for the upcoming season. We have been able to meet this goal. Even with the purchase of a complete set of new uniforms, the Dingos are in a very stable financial position, and this has been realized through:

- Collecting team fees from each registered member of the club, and having no member with outstanding fees due.
- Revenue collected through our sponsor, the Sports Centre Café.
- Revenue collected from the sale of team merchandise.
- Revenue generated from our annual Grand Final Party held at the Sports Centre Café.

## Sponsorship

Prior to the start of the season we approached the Sports Centre Café in an effort to gain sponsorship funds. We requested and received a cash sponsorship. A successful in sponsorship relationship was achieved because of solid commitment from both the club and the Sports Café. Our 2 main requests of the sponsor were:

- Cash sponsorship in 4 installments over the summer.
- Use of their premises for our Grand Final Fundraiser.

In exchange for their commitment the Dingos committed to:

- Patronizing the Sports Centre Café regularly on Thursdays after our trainings. Receipts are kept, we know that we generated in excess of \$3000.00 in revenue for the establishment.
- Promoting our Grand Final Party to ensure a successful turnout for the bar. The owners of the Sports Café were more than pleased with the event.
- Printing the Sports Café logo on our Team Shirts.
- Promotion of the Sports Café on our team web site.

## Recruitment

The Dingos were able to successfully field a full team for each game during the 2002 season. In all we had 34 players registered during the season year, with 28 players eligible to play in the finals.

This season not only did we see the return of many first year players, but also the inclusion of 10 new players. What is significant for the Dingos is that 8 of these first year players are Canadian and will be returning next season, and will play a major role in our club.

Successful recruitment of Canadians to the game came largely through word of mouth and existing team members bringing new players to the game. Our web site continues to be an effective recruitment tool for our club.

## Website

The Dingo web site, [www.torontodingos.ca](http://www.torontodingos.ca), is a very effective recruitment and information tool for our club. The upcoming season will likely see a need to update our site with a more professional look, and further promotion of the site online.

## Merchandise

This year we were able to create standard logo in an "Artwork" format. This means that the logo can be recreated for various items without extra setup charges. This allows us to create Dingo

items like clothing, letterhead, business cards etc quickly and in a cost effective matter. This is stored with a manufacturer and also on CD with our Executive. The club logo has also been “digitized” for future embroidery needs.

In 2002 we created Dingo t-shirts that were given to each member that paid dues, and some shirts were sold to generate revenue for the Club. We also created attractive Dingo baseball caps with our paw logo. These were sold mainly to club members.

## **Off Field Events**

Once the football season kicks off it becomes a challenge to have events in addition to trainings and games. The following is a list of events we enjoyed this past season and special thanks to those that organized and Hosted these events:

- Dingos Annual General Meeting.
- Dingos Annual BBQ party. - Hosted by Jamie and Heather Prescott
- A night out at the Toronto Argos Football Game - Organized by Chris Buczkowski

## Downtown Dingo's 2002 Games Summary

### Grand Final - Dingos V Eagles

In a classic battle with a score line that did not match the intensity and fight, the Dingo's fought out a tough encounter to go down to the Toronto Eagles in their quest for the OAFL 2002 premiership.

With high expectations, the Dingo's went into the game full of confidence with a weeks break and a rematch against the arch rival Toronto Eagles. Winning the toss the Dingo's kicked with the strong wind and it looked that a 1st quarter lead would be guaranteed. However, it was not to be and the Eagles capitalized on their hard work, kicking 5 goals into the wind, whilst holding the Dingo's goalless.

With players and supporters shell shocked at the result of the 1st quarter, the Dingo's regrouped in the 2nd quarter, knowing that they had a large job in front of them. They battled hard in the 2nd quarter with some excellent passages of play and tight defense, however goals eluded them and the opportunity to make in roads on the scoreboard, as the Eagles used the wind to widen the gap.

The Dingo's came out after half time knowing that they had nothing to loose and took it up to the Eagles, winning the 3rd term and kicking 4 goals with the wind, lead by the inspiration play of Craig Stewart all players lifted and began to win the one on one individual battles. In the thick of thing, Danny McIvray won plenty of the ball from work horse Ruckman Chris Cunning. Wingers Tim Shaw and Stu Wallis gather valuable possessions and drove the ball long into the forward line to create opportunities, whilst hard working veteran Peter "Brolsey" Gordon proved he still had a few season left in his legs, with his never say die attitude, he won the ball numerous times to give the Dingo's opportunities and hope.

The back line shell shocked early was again held together by Mr. Consistency- Jeff Popple, who never gave an inch and attacked the ball as only he can. Full Back Bob Clarke can hold his head high with his efforts on the last line of defense holding his opponents goalless until the dying minutes of the game. Playing in an unfamiliar position Half forward, Jamie Prescott put his body on the line numerous times and came out with the hard ball on many occasions. Whilst last game hero Josh Sharp, ran hard all day to create opportunities from the half back line through many possessions, however the bounces did not always go his way and unfortunately his man capatised on his efforts to run to space and create the play. Regular, Full forward, Paul Tinkler injured early was moved to CHB and fought hard to the end. The Eagles did their homework on the inspirational Dingo -Phil Hynes, moved around to create opportunity Phil fought hard in the back line, up

forward and on the ball and he can be proud of his efforts and the brilliant season, he had.

The club can find comfort in the ability and commitment of it's younger players, and the knowledge that the club has a fantastic future ahead. Onballer, Eric Herding never gave up, and gathered many possessions to fight it out until the bitter end. Full forward Chris Buczkowski, starved of opportunities battle hard all day with strong leads and marks, showing that the future of the club is in good hands for some time to come. First year player Bryon Wells, battled hard against the odds as the Eagles showed plenty of respect for his freakish ability and did everything possible to starve him of opportunities.

Although not reflected on the scoreboard the Dingo's fought hard until the bitter end. Players can be proud of the improvement and commitment they showed over the year and in the way in which they fought out a game despite a disappointing result. The taste of defeat and bitterness will burn deep in players for some time to come, but with defeat comes optimism and season 2003 will be motivated by the that taste of defeat and the determination to go one step further to premiership glory.

The club is thankful for the commitment of numerous players, supporters and the hard work of many. Without the like's of Tino Riccio, Rick Kramkaop, Craig Stewart, Jamie Prescott and Jacob Steinberg's hard work and commitment the club could not have reached such heights in season 2002. We can all rest easy in the knowledge that the club is in good health in many ways, and possess talented youth and team commitment, which will be the foundation to go one step further in 2003 and complete the UNFINISHED BUSINESS

Well done Boy's, thanks for the great season and memories.

Playing a great link game was coach Craig Stewart who won the ball in dispute numerous times to propel the ball into attack. The back line loose early in the game, tightened up in the second half and used the ball well. ### Dingo's Club Song

"It's a Grand Old Flag,  
It's a High Flying Flag,  
It's the emblem for you and for me,  
It's the emblem of, the team we love,  
The team of the Red and the Black.  
Every heart beats true for the Red and the Black  
As we sing this song to you....  
Shall old Acquaintance we forgot, keep your eye on the Red on the Black"

### Interesting Stats

- Bob Clarke currently has the longest game streak running 14 games
- Chris Buzchowski can consider himself unlucky he would have had a total of 17 if he were not suspended for 2 games in 2001 for striking. He denies he did it you know
- The Previous Consecutive game streak record was held by Tino Riccio 13 games
- The Club record for consecutive games played is 25 by Chris Cunning
- Most Goals in a game is held by Emile Studham and Craig Stewart both kicked 11, in 2001 season (different games)
- Oldest Player - believed to be Jury Klemko, rumor says he was 50 but that has not been confirmed.... sorry Broly your not as old as you think
- Youngest player – possibly High school Mike (Karas)17 yrs old, although Mike Butcher has claimed he is 16 (but we did say how old you act)
