TEAM MEMBER RESPONSIBILITIES AND CODE OF BEHAVIOUR

Fencers participate in the U20 (Junior) National Championships as representatives of the State, and must at all times seek to bring credit to their state, Fencing Victoria, the sport of fencing, their team and themselves. The responsibilities and Code of Behaviour set out below represents the minimum acceptable level of behaviour expected of Victorian representatives. It is important that fencers and parents read and understand this document.

CONDUCT ON THE PISTE

Team members are expected to know and abide by the FIE Rules for Competitions. These state that: "by taking part in a competition, you pledge your honour to observe the regulations, obey orders, abide by the decisions of the referees, be respectful and behave in an orderly, courteous and sporting manner".

Members should be aware of the rules, and in particular, of their rights on the piste should a dispute arise. There is a formal procedure laid out in the rules in the event of a dispute and if in doubt, ask the Team Manager.

When members are not fencing they are expected to support other fencers in the Victorian team.

Fencing equipment is the responsibility of the athlete. Members are requested to make sure that they have an adequate number of weapons and body wires. Members should check their clothing and ensure it meets the appropriate National regulations. All this should be done at least a day before the competition. Members are requested to advise the Team Manager whether they are carrying a toolkit.

The authority of the team rests with the team manager. The team manager is authorized to represent the team and make decisions on behalf of the team, and is a resource for members to rely on if they run into difficulties. The team manager is also instructed to report all incidents. The instructions and directions of the team manager must be followed. Failure to respond to the instructions of the team manager may result in a breach of discipline.

THE TEAM MANAGER

The team manager will be responsible for:

- Administrative tasks associated with entering teams and individuals into the championships and liaison with the Director of the Tournament,
- Directing preparations of athletes prior to competition,
- Arranging team meetings as required,
- Enforcing the team member code of conduct,
- Providing assistance to athletes where problems arise associated with the championship.

The team manager may refer some management tasks to the team coach or team referee. The team manager may also contact team members and/or their parents to make arrangements for team accommodation and travel. It is not obligatory to stay or travel with the team, however.

The team manager will carry a first aid kit in case of emergencies; however, members should note that Tournament management are responsible for first aid administered during the competition.

CONDUCT OFF THE PISTE

Consumption of alcohol and smoking is totally forbidden.

On occasions prescribed by the team manager, team members must wear official team uniform.

Please respect the privacy and needs of other team members as they prepare for their events. Avoid disturbance and unruly behaviour at all times. Respect the accommodation where you are staying, including property, and the rights of other patrons.

You must be aware of and abide by the anti-doping laws that govern international sport. Consult with your team manager if you are taking any medications that you have not already declared.

TEAM AVAILABILITY

It is expected that if you have made yourself available to compete in a team event that you make every reasonable effort to do so. If there are extenuating circumstances, or if for some reason you are unable to compete, please let your team manager know IMMEDIATELY. This will ensure that teams are properly structured and that people do not miss out.

There will be sanctions imposed (at the discretion of the Fencing Victoria Executive) for breaches of this rule and they could include exclusion from the next National event.
